

PROJECT MANAGEMENT

We will site survey and measure taking full responsibility for efficient delivery and fitting.

DESIGN

Our team will work with you to achieve the shape and style that works in your space. We will also help you select the right upholstery for the job and provide free fabric samples as required.

EXPERT JOINERY

Our in house team skilfully make the frames seats and backs as specified by the required design ensuring they fit perfectly on site.

WOOD POLISHING

In our spray shop we use the best polishes and lacquers available to the industry in an infinite range of colours and sheens.

UPHOLSTERY

It's the skilful finishing touches that make all the difference and bring the initial designs to life and quality appearance.

DELIVERY AND INSTALLATION

Our fitters work to the exact brief and construction drawings agreed between you and our project manager to ensure a neat, clean finish.
