

INTRODUCTION

Instantly transform any area, either in or outdoors into a beautifully designed café, restaurant or lounge that will impress your customers and make you stand out from the crowd.

Use outdoors as an instant extension on your existing restaurant or as a stand-alone feature on an unused outside patio or space. Our semi enclosed winter grottos and allow your customers to 'cozy up' on the upholstered bench seating in front of a toasty real fire and sheltered with an attractive pergola complete with roof heating and festoon lighting and plants. Our zones even have sides to keep in the heat in and create cosy backdrops with feature lighting and signage.

For indoors use as an independent cafe in any shape and size with as many covers as you need. It can be re-configured or moved again and again to a different trading positions to suit your seasonal operation such as Christmas, Spring or anytime you need to bolster your facilities.

Our cabin style service bars and counters can be pre-equipped with whatever you need to produce and serve for your food and beverage offer.
