

WOODEN BENCH SEATING

FOR INDOOR AND OUTDOOR USE

We make beautiful wooden bench seating for in or outdoor use which we supply without cushions or fully upholstered with in or outdoor fabric, vinyl's and a choice of faux leathers.

We can make our seating at a functional dining height or in a lower sofa style for a more relaxed look. Choose the style to suit your venue and drape with throws, animal skins and scatter cushions for a cosy grotto or breezy summer look.
