

BAR COUNTERS

We have a superb choice of standard bar counters and kiosks you can choose to get you trading. We also design and make bar counters specifically to suit your project in any size, shape and with the equipment required to deliver an efficient operation within your trading area. We make freestanding units or if you need something more secure we can convert a shipping container and supply it complete equipped with the latest preparation, service equipment and wash up facilities. We will of course make the exterior of your shipping container look as rustic or as chic as your design dictates.
